

Business Connections en Français

Business Connections en Français helps internationally trained, bilingual business professionals find jobs that will utilize their skills and experience. In this online bridging program, participants will join professionals from across the province to develop advanced business communication and job search skills needed to succeed within Ontario workplaces.

Throughout the 6-week program, you will build a strong resume, develop effective interview strategies and hone your core business skills in sales, negotiations, data analysis and leadership. We'll help you expand your professional networks and accelerate your transition into the Ontario labour market.

"This program provided me with knowledge about the labour market in Canada, techniques to find jobs, interview skills and how to effectively network. Through the program, I received support which helped me secure a job in my field."
