

Canadian Employment Connections

The Canadian Employment Connections (CEC) program is a free pre-arrival employment program that offers virtual services to prepare internationally trained professionals for the Canadian job market. The program is sector-focused, examining in-demand jobs across six Canadian sectors and the skills required to land these roles. There are four main components to the program: job search tools, Canadian business communications training, sector-specific trends and employer connections.

“ACCES helped me transform my mindset, skills set and how I present myself to be more in line with the Canadian job market. The team gave valuable, timely and friendly advice whenever needed and the online resources were very useful and easy to use. I can safely claim that joining ACCES pre-arrival services was the turning point in my Canadian job search.”
