

Second Career Program

Second Career's objective is to provide skills training to individuals who have been laid-off and are unemployed. The training is designed to help you find employment in occupations with demonstrated labour market prospects in Ontario. The program also provides financial assistance to offset some training costs.

"Going through the Second Career process with the help of ACCES Employment propelled me to pursue a new career path I was interested in. My ACCES consultant was so awesome; he held me accountable and I really appreciated that. During this push, I proved to myself that I truly could do this!
