

Electrical Engineering Connections

Electrical Engineering Connections is an Ontario-wide, online, bridge-to-work program designed to help internationally trained electrical engineering professionals integrate in to the Canadian labour market. This interactive program provides participants with an overview of the Ontario Electrical Code and Standards, Health & Safety Codes and Standards, Applications of Measuring Instruments, Industrial Automation in Ontario, Energy Systems, Electrical Equipment and Renewable Energy in Ontario and information on professional licensing in Ontario.

“The program provided me with an understanding of the electrical engineering labour market, customized job application and interview preparation. Technical modules allowed me to gain knowledge of the Canadian electrical code and Ontario Electrical Safety Code.”
