Seneca
Sheridan
Skills for Change
The Centre for Education and Training
Thornccliffe Neighbourhood Office

Employer Partners:

1000+ matches
CIBC
City of Toronto
TD

and 22 other organizations

Funded by:

Powerful change is possible when people come together. TRIEC Mentoring Partnership pairs recent immigrant professionals (mentees) with mentors working in their field in Canada. Mentoring benefits both people taking part.

77% of mentees find a job in their field within one year.

95% of mentors can better coach, motivate, and develop others.

25 employer partners have participated in support of their community engagement, D&I, and employee development efforts.

Become a mentor if you:

Want to support immigrants. 18 hours over three months can help someone start their life in Canada.

Are thinking about your professional legacy. With 2+ years of work experience in Canada you have a lot of insight to share.

Want to develop professionally. Workshops and resources enhance your leadership and cross-cultural communication skills.

Become a mentee if you:

Have 2+ years of **international experience** in your field.

Have **lived in Canada** for less than five years.

Are unemployed or underemployed in Canada and looking to reconnect with your career.

What do mentors and mentees talk

- What it's like to practice your profession in Canada.
- The nuances of Canadian workplace culture.
- Developing job search strategies.
- How to build professional contacts and networks.
