

Cybersecurity Connections

The Cybersecurity Connections program helps internationally trained IT professionals find work in their sector in Canada. Participants gain a better understanding of Canadian workplace culture, cybersecurity concepts, Canadian industry best practices for information security and key security concepts.

“ The Cybersecurity Connections team always went the ‘extra mile’ and provided very valuable insights and advice. I appreciated the resume workshops, the contemporary curriculum and the mentoring sessions. ACCES helped me connect with industry experts and I am now employed at TD in a senior position with great benefits and great work-life balance. ”
