

Entrepreneurship Connections®

Entrepreneurship Connections® is designed for newcomers who plan to start a business in Canada. If you have owned or operated a business outside Canada, this innovative and informative program will help you use that experience in the Canadian market. You will receive individual coaching to start a business, which includes developing a business plan, receiving legal consultation and benefiting from the support of an established mentor.

“ In my case, taxes and finance were my weakness and the Entrepreneurship Connections® program at ACCES gave me quality tools and resources to solve those particular issues. I also credit the program with helping me to create a viable business plan and preparing me to execute on my entrepreneurial ideas. ”
