

IT Accelerator

The IT Accelerator program will provide youth between the ages of 15-30 with training and support to succeed in the current and future labour market. Through the program, youth will receive technical skills training, job search and employment preparation, job coaching, as well as the opportunity to gain work experience and full-time employment. This program is best suited for those who are looking to enhance their skills in cloud computing or improve on technical skills.

Program Benefits Delivered by a Team of Employment Experts in your Field

Train and find work in leading-edge roles such as Designer, Developer, IT Support Specialist, and Customer Support Representative

Financial assistance and support to acquire IT training from a recognized provider (training in sectors outside of IT may be considered)

Experiential and hands-on learning

Acquire future skills including creative problem solving, workplace communication, growth mindset, etc.

Group sessions for peer support and networking

Connections to employers who will provide work experience and employment opportunities

Customized one-to-one support and hands-on assistance with your individual job search activities

Coaching and support after you're hired
