

Are You an Internationally Trained Engineer Looking to Work in Project Management?

Our Project Management & Sustainability for Engineers program can help. This 8-week online program, delivered in collaboration with Toronto Metropolitan University (TMU) supports internationally trained engineering project management professionals in strengthening project management skills and applying sustainability best practices—all within a Canadian context. You will also be assisted in finding employment in your field while preparing for the PMP exam and PEO licensure.

Program Benefits

Earn 35 PDUs by completing the Project Management Fundamentals and PMP Exam Preparation courses delivered by TMU

Gain access to TMU's resources and handouts, including a 26-week subscription to the Brain Sensei Group questions database for practice quizzes

Receive the PMBOK® Guide (PMI)

Learn about sustainability in project management and best practices

Attend seminars on Professional Engineers Ontario (P.Eng) licensing process

Gain access to IBM SkillsBuild learning platform

Receive employment preparation and job search support, including various job search tools

Receive one-to-one support from an Employment Consultant and Employer Liaison who are knowledgeable about the sector

Participate in future skills training including creative problem solving, workplace communication, growth mindset

Gain referrals to Speed Mentoring® and The Mentoring Partnership™

Program Eligibility

Resident of Ontario

Permanent Resident, Naturalized Canadian Citizen, Conventional Refugee, Refugee Claimant with open work permit and Provincial nominee OINP

Minimum two years recent and relevant experience managing projects in the engineering field outside of Canada

Language requirement: CLB 6 and above

Bachelor's degree or diploma in Engineering equivalent to Canadian degree or diploma
