

# Canadian Employment Connections

Canadian Employment Connections (CEC) is a free pre-arrival employment program designed to help internationally trained professionals prepare for the Canadian job market before immigrating to Canada.

The program offers valuable insights into in-demand jobs across various sectors and the skills needed to land these roles. There are four main components to the program: job search tools, Canadian business communications training, labour market trends and employer connections.

*"ACCES helped me transform my mindset, skill set and how I present myself to be more in line with the Canadian job market. The team gave valuable, timely and friendly advice whenever needed and the online resources were very useful and easy to use. I can safely claim that joining ACCES pre-arrival services was the turning point in my Canadian job search."*
