

# Healthcare Connections

Healthcare Connections supports internationally educated healthcare professionals in securing non-licensed employment in the Canadian healthcare sector. Participants learn a range of sector-specific job seeking strategies, explore non-licensed career pathways and build the skillsets necessary to transfer their healthcare experience into non-licensed roles in the broader healthcare sector. Participants are regularly connected with employers interested in hiring internationally educated healthcare professionals.

**Healthcare Connections has two streams:**

**Health Systems:** Put your healthcare skills to use in healthcare administration, pharmaceuticals, clinical research and other fields.

**Community Health:** Build healthy communities by pursuing employment in community health centres, public health, non-profit health organizations and other employers.

“ACCES Employment played a pivotal role in helping me achieve my career goal. Their personalized coaching, resume writing support, and strategic job search guidance provided me with the tools and confidence to navigate the Canadian job market successfully and secure a position that aligns with my professional aspirations.”

— OLESYA POSHYVAK, MANAGER, ROYAL COLLEGE OF PHYSICIANS AND SURGEONS OF CANADA, HEALTHCARE CONNECTIONS ALUM

## Program Benefits Delivered by a Team of Employment Experts in your Field
