

Explore Careers in Engineering

Engineering Connections is a full-time, 6-week online program designed to support internationally trained engineering professionals in preparing for employment in Canada. Delivered in collaboration with Humber Polytechnic, the program is led by industry experts holding P. Eng and PMP certifications. You will gain a deep understanding of the Canadian engineering sector, including codes and standards and the engineering job market, and benefit from dedicated Employer Liaison & Employment Consultant support throughout the program.

“ The sessions were creative and innovative and greatly helped me to achieve my desired objectives. Even after the program was over, I received personalized support for job offer negotiation, which was highly appreciated. ”

— ZAIN ALAM, VIBRATION ANALYST, VIBTECH ANALYSIS LTD., ENGINEERING CONNECTIONS ALUM

Program Benefits
