

Connector Program

ACCES Employment's Connector Program links newcomers with professionals in their communities. This program will help you build your professional network, connect with career opportunities and find success in your chosen field.

The National Connector Program, currently based in 35 communities and growing, provides communities with a turn-key solution that increases talent retention through the process of networking.

“ I was connected with an individual who was able to help me strategize for my job search and provide feedback on my interviews in the field of Retail Banking. I was also connected to networking events where I would otherwise not have access. I am genuinely thankful for the efforts of the program team and those with whom I was connected. ”

—
HAMEED, CONNECTOR PROGRAM PARTICIPANT
