

Empowering Women

This one-week intensive initiative helps newcomer women achieve career success. Through customized workshops, coaching, and mentoring, Empowering Women will provide you with the skills and confidence to become a leader in your sector. We work with internationally trained talent in fields where women are underrepresented, such as Finance, IT, STEM, Analytics, and Digital Transformation.

“ The Empowering Women program provided me with the critical building blocks for my career search in Canada. The program afforded me the platform to build professional networks and enhance my skills for the Canadian workplace and I am better equipped and on my journey to high achievements. ”
